

(MINOR) LESS THAN 2000 CY

CITY OF SANDSTONE

## APPLICATION INSTRUCTIONS:

### MINING/FILLING PERMIT

The deposit upon or excavation from the land of any material in excess of 25 cubic yards, but less than 2000 cubic yards, or to a depth of one (1) foot or more, but less than three (3) feet, may be permitted only after issuance of a permit from the city of sandstone. This does not include activities associated with construction of buildings for which a permit has been applied and issued or grading performance in conjunction with an approved plat.

#### REQUIRED EXHIBITS

1. Legal description of the property (one copy).
2. A copy of the plat map or half section map of the property proposed to be excavated or filled indicating the area where the activity is to occur together with an estimate of the amount of material to be moved.

#### PROCEDURES

Application for minor excavation and filling permits are made in writing on forms supplied by the city and shall be submitted to the city administrator for processing. Applications must be filed jointly by the landowner and the earth-moving contractor.

1. A fee amount of \$50 must accompany permit application.
2. Approval or disapproval by city staff.

#### REQUIREMENTS:

- 1 At the end of excavation or filling operations, the disturbed area shall be restored with topsoil or other approved cover material and shall be reseeded to establish approved vegetation.
- 2 Finished grades shall not adversely affect adjacent properties.
- 3 Drainage facilities shall be provided to effectively divert or convey storm water runoff.
- 4 It shall be unlawful for any person to dig and leave open, unfenced, un-barricaded any entrance to, any pit, quarry, hole or excavation.
